## PROFILE

My name is Wanat. I am a Software Developer with 1 year of experience in developing and maintaining web and mobile applications. I have aptitude in various programming languages and frameworks such as ReactJS, Java, and Flutter to deliver the best results that meet user needs.

## WORK EXPERIENCE

### T-ECOSYS Co.,Ltd.

12/2023 - Current

#### Software Developer

- Industrial Digital Platform (iDP) Project: Handled website translation, bug fixes with international teams, and feature development using Next.js (TypeScript) and Spring Boot.
- Singhdam Alumni – Chulalongkorn University: Assigned to design and develop the alumni association website for Chulalongkorn University using WordPress.
- iDP Ecommerce Project: Tasked with designing an industrial e-commerce website using WordPress and develop the main iDP website to ensure seamless connectivity between the two platforms.

### JENOSIZE Co.,Ltd.

07/2023 - 11/2023

#### Full Stack Engineer

- Marketing Cloud Project: Developed new features based on client needs such as CRM management, Live Chat enhancements, and Automate Flows. Key clients include CP ALL (7-Eleven) and Big C.
- 7Chat&Shop Project: Built an ordering system via LINE for CP ALL (7-Eleven), and collaborated closely on issue resolution with clients and QA.
- Live Chat System (PF Project): Created a property chat system for Property Perfect, including message-counting APIs and push notification setup via OneSignal for iOS and Android.

# WORK EXPERIENCE

**King Mongkut's University of Technology  
North Bangkok**
